### <Tour Highlights>

#### ◆Edo-Tokyo Museum & Asakusa

Edo-Tokyo Museum introduces the history and culture of Edo (the ancient name for Tokyo). It also fascinates visitors with stories of the city's captivity past. You can take a look at a traditional playhouse (theatre) and scenes from everyday life that will transport you back in time to the Edo-period (1603-1868). This museum presents visitors with a unique opportunity to compare and contrast old Edo with modern Tokyo, so you can appreciate how Tokyo has transformed over the years.

#### ASAKUSA Temple -- The most famous temple in Japan

Asakusa Temple is truly a historical haven in modern Tokyo, a gem of the old Edo (1603-1868). It is the capital's most famous and oldest Buddhist temple founded in 628. The famed entrance gate Kaminari-mon (Thunder Gate) with huge red lantern is a symbol of Asakusa. 200m-long street of traditional stalls which leads from the Kaminari-mon to the temple, is always relished by visitors.

### ◆Tokyo Tower & Zojo-ji Temple

Built in 1958, Tokyo Tower remains a beloved icon of Japanese capital symbolizing Japan's post-war rebirth. The observatory offers an interesting view of the city, and there are some 'lookdown windows' in the floor to see Tokyo beneath your feet. Zojo-ji Temple, located next to Tokyo Tower, was built in 1393 and was moved to its present location in 1598 by Tokugawa Ieyasu who selected it as his family temple.

### ◆Meiji Jingu Shrine & shopping

The Meiji Jingu Shrine, Shinto shrine dedicated to Emperor Meiji and his wife Empress Shoken, was established in 1920. Over 100,000 trees were donated by people all over Japan at the time of the shrine's establishment, creating the extensive forest and garden that can be seen today. On the first few days of every New Year, more than three million people visit Meiji Jingu, making it the most-visited shrine in Japan.

Meiji Jingu Shrine is also the place where Japanese people honor life events, such as births, weddings and New Year's celebrations.

### ★For Accompanying persons and spouses tours

#### ◆Special one-day tour to the suburb of Tokyo

The special one-day tour on Friday, May 12<sup>th</sup>, will take you to the suburb of Tokyo where you can feel the Japanese spiritual world coexisting with nature. More detail will be disclosed at the conference site when you register for the tour.

Lunch is provided on this tour.

### ◆TOKYO SKYTREE®

The capital city's latest icon, and the world tallest broadcasting tower (634m high), is located in Sumida ward, where Edo (the ancient name for Tokyo) culture thrives to this day. The elevator moving at a top speed of 600m per minute will take participants to the glass-enclosed 360° observation deck at 350m above ground. The main structure consists of a steel skeleton reinforced by steel

frames to double the standard strength. Many of the famous features of the Tokyo cityscape, including Rainbow Bridge in the bay area, and, on a clear day, Mt. Fuji in the distance, can be enjoyed from the observation deck.

#### ◆River Cruise & Hama-rikyu Gardens

Half-hour boat cruise down the Sumida River travels under some 14 bridges spanning Tokyo's main river, showing the capital's famous landmarks along the way. The cruise arrives at its destination, the majestic Hama-rikyu Gardens along the Tokyo Waterfront in Shiodome, where the participants can walk around a beautifully preserved garden that the family of

the ruling Tokugawa Shogun owned from 17th to mid-19th century and used to hunt with falcons.
