

Global Summit of Women.

Using technology to drive transformation.

Dr. Joerg Burzer

Member of the Board of Management of Mercedes-Benz Group AG,
responsible for Production, Quality and Supply Chain Management

We are in the biggest transformation of our company's history.

up to **50%**
xEV sales in 2nd half of decade.

— MERCEDES-BENZ OPERATIONS —

Will be able to cater to different
customer needs until well into

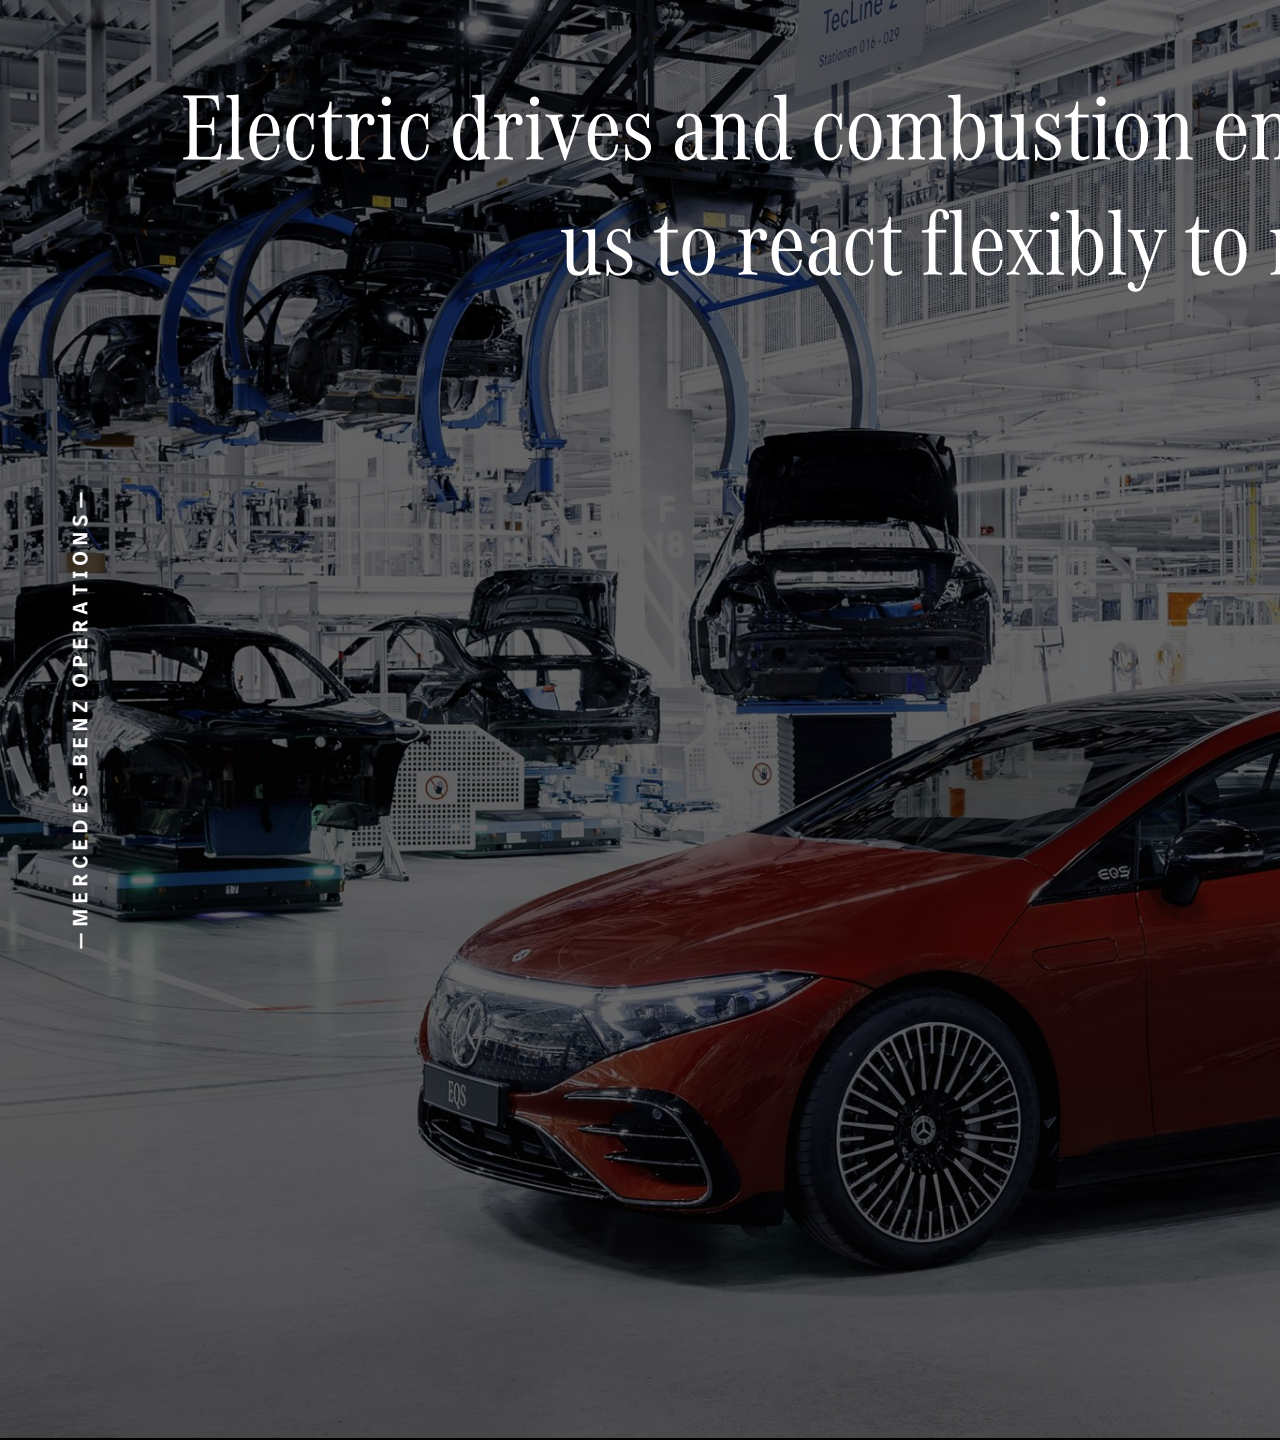

2030s

— GLOBAL SUMMIT OF WOMEN —

Electric drives and combustion engines run on one line. This allows us to react flexibly to market developments.

— MERCEDES-BENZ OPERATIONS —

— GLOBAL SUMMIT OF WOMEN —

Building the world's most desirable cars
only works hand in hand with Digitalization, MO360...

MB.OS
